VISHAL KAJALE

FREELANCE APP DEVELOPER

SUMMARY

My primary goal is to follow my passion in Software Development while teaming up with people with similar mindset to come up with products that put a significant impact towards future in Science andTechnology.

PPROJECTS

//NOTE KEEPER

- I have created NOTE KEEPER APP using Flutter and dart.
- You can perform CRUD operation, give priority and edit notes.
- I've used MySQL for storing data locally

//CROP ANALYSIS

- I have work on project in python,
- We(me and my team) created desktop application using python that analyse the statistical data and generate graphs and chart
- we've used NumPy, Pandas and Tkinter
